

CABINET:

Mucus Relief & Cough Suppressant

Active Ingredients (in each softgel)

Purpose

Guaifenesin 400 mg.....	Expectorant
Dextromethorphan HBr 20 mg.....	Cough suppressant

Uses

- helps loosen phlegm (mucus)
- helps thin bronchial secretions to make coughs more productive

Warnings

Do not use • If you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric, or emotional conditions, or Parkinson's disease), or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains an MAOI, ask a doctor or pharmacist before taking this product.

Ask a doctor before use if you have • cough accompanied by excessive phlegm (mucus) • persistent or chronic cough such as occurs with smoking, asthma, chronic bronchitis or emphysema

When using this product • do not exceed recommended dosage • do not use for more than 7 days

Stop use and ask a doctor if • cough lasts for more than 7 days, recurs, or is accompanied by fever, rash, or persistent headache. These could be signs of a serious condition.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children. Overdose warning: In case of accidental overdose, get medical help or contact a Poison Control Center right away (1-800-222-1222).

Directions

adults and children 12 years of age and older: • take with a full glass of water • take 1 softgel every 4 hours with a full glass of water while symptoms persist. Do not exceed 6 doses in 24 hours. • **children under 12 years of age:** do not use

Other Information

- store at 25°C (77°F) excursions permitted between 15°-30°C (59°-86°F)
- keep in a dry place and do not expose to heat

Inactive Ingredients

gelatin, glycerin, polyethylene glycol, povidone, propylene glycol, purified water, sorbitol sorbitan solution, titanium dioxide
